

NICHOLAS METIVIER GALLERY

To protect our community during Toronto's re-opening, we wanted to share with you the procedures we have put in place as we navigate this situation together.

The Nicholas Metivier Gallery has hand sanitizer available for visitors coming through the space. It is placed inside the entry so that it is accessible before entering the main gallery. Use of facemasks is required by visitors and staff.

In accordance with government guidelines, a limited number of visitors will be allowed inside the gallery at a time.

The gallery staff will be wiping down high-frequency zones with sanitization products, including door handles, counters and shared spaces, so that areas are disinfected multiple times daily.

We look forward to engaging with everyone, as we welcome more of you back into our space. Our website, www.metiviergallery.com, will continue to host online exhibitions and provide insight into the artists we represent.

If you have any questions or comments, please feel free to email us at info@metiviergallery.com.

We hope everyone continues to stay safe.

- Nicholas, Sarah, Caroline, Richard, Carly & Bud
